

Pre-finished Trusscore® Wall&CeilingBoard™ panels have a smooth surface that is scratch, dent, and damage resistant, and they should never require painting like traditional drywall. If you want to paint them anyway, here are some product recommendations and painting tips to keep in mind.

**Recommended Paints**

We recommend using 100% acrylic latex paint or acrylic latex paint with urethane additive to paint Trusscore panels. We also recommend using self-priming paints or primer and paint combination products where possible.

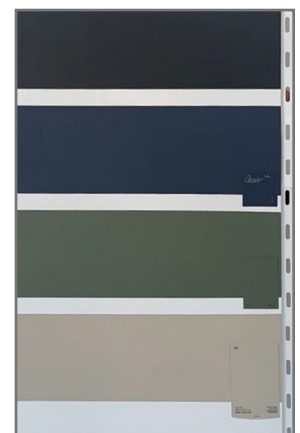

Here are some readily available paints we recommend from popular brands:

Brand	Paint Recommendation
Sherwin-Williams®	<a href="#">Emerald® Exterior Acrylic Latex Paint</a> <a href="#">Duration® Exterior Acrylic Latex</a>
Behr®	<a href="#">Exterior Paint and Primer</a> <a href="#">BEHR MARQUEE® Interior Paint</a>
PPG®	<a href="#">ACRI-SHIELD® MAX Exterior Latex</a>
Valspar®	<a href="#">Duramax® Exterior Paint &amp; Primer</a>
Benjamin Moore®	<a href="#">Corotech® COMMAND™ Waterborne Acrylic Urethane</a> <a href="#">Regal® Select Exterior Paint</a> <a href="#">Regal® Select Exterior High Build Paint</a>
Glidden®	<a href="#">Premium Exterior Latex</a>
BeautiTone™	<a href="#">Interior/Exterior Acrylic Latex Stick It Primer Sealer</a> and one of the following: <ul style="list-style-type: none"> <li>• <a href="#">Exterior Acrylic Latex Semi-Gloss Paint</a></li> <li>• <a href="#">Exterior Acrylic Latex Flat Paint</a></li> </ul>

Consult your local paint specialist before starting your project to find the product best suited to your wall or ceiling. Apply the primer or paint per manufacturer’s recommendations.

**Surface Preparation**

Before applying any paint, make sure the surface of your Trusscore Wall&CeilingBoard panels is clean, dry, and free of dirt or any other contaminants — sanding Trusscore Wall&CeilingBoard prior to applying primer or paint isn’t advised or required.

## Color Matching Trusscore Panels

If you're installing Trusscore Wall&CeilingBoard or Trusscore SlatWall panels in combination with painted drywall, you may want to color match to create a unified design.

Here are our top paint recommendations for matching white and gray Trusscore panels on adjacent walls:
